

Report of the Tax Collector as of November 30, 2020

- November was a relatively slow month. Deposits were \$2,332.77, all were Lebanon taxes. Current taxes were \$541.72, back taxes were \$1,101.03, interest was \$524.38 and lien fees were \$255.64. Note: almost all of the receipts in November came from the tax sales that Adam Cohen conducted in conjunction with the town of Lebanon.
- Year to date collections are \$127,675.80.
 - Hebron: \$50,290.21;
 - Lebanon: \$77,385.25.
- I've contacted the Assessors from Hebron and Lebanon to get updated reports for properties that sold since July 1st so the new owners will be billed for the January installment.
- I emailed the legal notice of taxes coming due to Liz for an email blast and to post on our website.

Respectfully submitted,

Eileen Curtin
