

Report of the Tax Collector
Dated July 18, 2016

- I took over as Tax Collector on July 1st. Brian Swanson and I worked together to ensure a smooth transition. I will continue to provide figures to update the website in the format that Brian developed but will provide a monthly text report to the Board going forward.
- The tax bills went out in the first week of July. We ran into a minor problem; the second payment due January 1, 2017 did not reflect the adjustment for the properties partially within the District on Hillcrest Drive. Quality Data Services was notified of the error on July 5th and re-billed the affected properties.
- July deposits to date are \$56,256.60, reflecting \$24,275.86 from Hebron, \$31,220.40 from Lebanon in current year taxes, \$660.34 prior year taxes (Lebanon) 467.17 prior year interest and lien fees and \$288.00 .
- Tax collection for the year to date: see above.
- The final posted ratebook for the year closed June 30, 2016 will be bound and sent to us at the end of August.
- Payments not received by August 1st will be delinquent. Delinquent notices will be mailed after September 1st . This will allow for payments postmarked by August 1st but not received to be posted as current.
- I look forward to serving as District Tax Collector and give sincere thanks to Brian Swanson for his hard work.

Respectfully submitted,

Eileen Curtin
Amston Lake Tax District
Tax Collector
